The screenshot shows the Instagram Help Centre interface. On the left is a navigation menu with categories like 'Instagram Features', 'Login, Recovery and Security', 'Manage Your Account', 'Staying Safe', 'Privacy and Reporting', 'Terms and Policies', 'Instagram for Businesses', and 'Threads'. The 'Privacy and Reporting' section is selected. The main content area is titled 'Report a Violation of your Privacy on Instagram or Threads'. It includes a disclaimer, a 'Full name' field, a 'Please select your country' dropdown menu (currently showing 'United Kingdom'), an 'Email address' field, and a 'Who are you reporting for?' section with radio buttons for 'Self', 'Child', and 'Another adult'. Below this are questions about whether the user is the legal guardian, if the child is under 13, and if the child can self-report. There are also fields for the URL of the content being reported and a 'Send' button at the bottom.
